

Multitone finance solutions

You've made the decision to improve productivity, responsiveness and communications by investing in technology...

...now let us help you to optimise your cashflow and get the most appropriate solution without giving your Trust a credit hangover.

Multitone's all inclusive contract enables you to improve cashflow and enhance financial control within your organisation, by securing use of the latest Multitone technology and responsive support without draining your company of that all important working capital.

The flexibility of our all inclusive contract ensures that future enhancements and advances in Multitone's technology are available to you without having to make further costly investment.

The variety of options enables you to tailor each system to your specific needs. Multitone's team will work with you to choose the most appropriate solution and ensure that your financial and business objectives are met.

Don't let the current economic climate put pressure on your cashflow - contact your account manager for further information on how we can support your business with our in-house finance plan for your communication solutions, including an option for a low start contract.
